### **Need to call the Department of Recreation, Parks and Cultural Activities? Dial 746, It's our New Prefix**

The City of Alexandria government is updating its telephone system beginning this fall, and will be getting a new telephone prefix: 746. Over the next two years, the City government's internal telephone systems will be converted to Voice Over Internet Protocol (VOIP) telephone technology. VOIP is a modern communications system that uses regular computer network technology instead of dedicated telephone wiring. This technology will provide both City employees and residents high-quality service through a fully-integrated, versatile telephone system.

Over the next two weeks, Department Recreation Centers will be converted to the new system. For additional information, call 703.746.4343 or visit [alexandriava.gov/recreation](http://alexandriava.gov/recreation).
